

Board Bytes-October 2018

Here's a recap of what your AzDHA Board of Directors has been working on all summer.

Our two-day retreat was held on July 21-22. The board, led by Deb Kappes, meticulously reviewed and identified changes needed to update the AzDHA bylaws. These will be presented to members at the General Assembly on October 20. Also to be discussed that day will be the impact of dental therapy on Arizona and the dental hygiene profession. Other topics reviewed in detail at the retreat were the 2018-2019 budget and finalizing the Strategic Plan.

On August 10-11 we enjoyed the Impact Conference at We Ko Pa Resort with many members. Board members received positive feedback that weekend and will review the member surveys over the next month. Plans are already underway for next year's conference to be held in Tucson at the JW Marriott Starr Pass Resort and Spa on August 2-3, 2019. We are looking for members interested in helping plan for another great conference.

Many thanks to members who have registered for the General Assembly on October 20. We hope it is an interesting and enjoyable day for all.

Jan Midkiff
AzDHA Secretary
